If you want to post some family news or just want to tell us what is going on in your life send an e-mail to bill@muolo.net and it will get posted as quickly as possible.

Here is how you can have your photos added to the website.

E-mail your photos to me at **bill@muolo.net** This e-mail address is being protected from spambots. You need JavaScript enabled to view it
. Let me know what you would like for a category name. Most photos are too big to upload and have to be resized. If you know how to do that it would be great. If not just send them along and I will do it as quickly as possible so I can get them posted for everyone to see. If you are doing it yourself, 800 X 600 pixels is what I need. If you have any questions just drop me a line.

If you have an old family recipe or something you just created and want to share it, just send it to **bill@muolo.net** This e-mail address is being protected from spambots. You need JavaScript enabled to view it and I will post it for you. If you have a picture of what it looks like I will gladly post it with the recipe.

Send me you favorite links so we can share and I will get it posted.

We also have a calendar to start updating with Birthdays or any special day you want to keep track of. Again just send the info to me and I will get it in the system.

Anything else you would like to add to this site or if you have any questions feel free to e-mail me or call.
