Dear L
Please do have Cuz Billy do the worldwide web thing about Gram's 95th. Also good news Rebecca might have the RESPECT tape. I will procure a projector so we can view it large on a wall. It could be a continuoes? show. Gloria and Gary Sent ME CD and printed lyrics for LEADER OF THE PACK (ANITA PLEASE NOTE)(my favorite niece today) Also my underground investigators think they have uncovered a secret plot by some senior family members to do a secret thing at a secret time without a necessary CERTIFICATE OF COMPLIANCE from John Regan ,Entertainment Czar in complete supreme charge of everything. That is why this message is in code (proper english) so they can't tell we are on their trail. We could collect huge huge fines,penalties, and interest to put in the Will. In pennies I suppose.
It would be nice if we could procure photo images of Cuz Bill and Cuz Michael so we could post them so New Haven and all other family members and friends could see Aunt Gloria and Uncle Riley really had some normal kids.
Also I expect we will have a huge sing a short (not a sing a long) with accordian accompaniant and it would be nice have guitar player to accompp with base or rythym. So we are looking for guitar or base player and Bellydancer and also input from those who have things or Ideas they would like to do or see (secret or otherwise)..Certificates of compliance are at a reduced rate untill September 20th at midnite.
More to follow someday
John Regan Entertainment Czar in complete supreme charge of everthing.
